WARRANTY: Standard Drift Boat Trailers and Guide Drift Boat Trailer models come with a lifetime warranty to the original owner against manufacturing defects. Standard drift boat trailer warranty is AUTOMATICALLY VOIDED when sold to anyone verifiably running a for profit service.

American Trailers are guaranteed against any failure that occurs during normal safe usage, *by the original purchaser*. This guarantee is for life against defective welds and steel materials. **Exclusions:** Paint damage / Galvanizing damage, plastic / wood components, bearings, brakes, tires, and wheels, and damage that occurs as a result of improper towing / loading or overloading or wreck. Warranty does not cover failure to maintain finishes to prevent corrosion to the steel construction materials.

Any repairs covered under this guarantee will be performed at our facility in White City, OR. All freight / transportation charges will be the responsibility of the owner. This guarantee is void if the trailer has been altered, wrecked, or the title has been marked as totaled. The extent of any liability, will be at the discretion of HCC Industries, Inc.
